1. Introduction

Central Lake Ontario Conservation Authority is a non-share corporation, established under the *Conservation Authorities Act (Act)*, with the objects to provide, in the area over which it has jurisdiction, programs and services designed for the purpose of furthering the conservation, restoration, development and management of natural resources.

Under the Act, municipalities within a common watershed are enabled to petition the province to establish a conservation authority. The purpose of the Act is to provide for the organization and delivery of programs and services that further the conservation, restoration, development, and management of natural resources in watersheds in Ontario. In addition to the many further provincial laws that reference a 'conservation authority' in a manner applicable to CLOCA, the organization's governance is also determined by supplemental legislation, including the Ontario Corporations Act and the Not-for-Profit Corporations Act.

The Authority is comprised of its Members, appointed as representatives by the Region of Durham. An additional member may also be appointed by the Minister as a representative of the agricultural sector.

The Members of the Conservation Authority form the General Membership of the Conservation Authority. The Members are bound by the Act and other applicable legislation. The Authority must always act within the scope of its powers.

The powers of a conservation authority to accomplish its objects are set out in the Act, including those identified under subsection 21(1)

Powers of Authorities

Section 21 (1) of the Act provides for the purposes of accomplishing its objects, an authority has power,

- a) to research, study and investigate the watershed and to support the development and implementation of programs and services whereby the natural resources of the watershed may be conserved, restored, developed and managed;
- b) for any purpose necessary to any project under consideration or undertaken by the authority, to enter into and upon any land with consent of the occupant or owner, and survey and take levels of it and make such borings or sink such trial pits as the authority considers necessary;
- c) to acquire by purchase, lease or otherwise any land that it may require, and, subject to subsections (2) and (4), to sell, lease or otherwise dispose of land so acquired;
- d) despite subsection (2), to lease for a term of five years or less land acquired by the authority;
- e) to purchase or acquire any personal property that it may require and sell or otherwise deal therewith;
- f) to enter into agreements for the purchase of materials, employment of labour and other purposes as may be necessary for the due carrying out of any project or to further the authority's objects;
- g) to enter into agreements with owners of private lands to facilitate the due carrying out of any project;
- h) to determine the proportion of the total benefit afforded to all the participating municipalities that is afforded to each of them;
- i) to erect works and structures and create reservoirs by the construction of dams or otherwise;
- j) to control the flow of surface waters in order to prevent floods or pollution or to reduce the adverse effects thereof;

- k) to alter the course of any river, canal, brook, stream or watercourse, and divert or alter, as well temporarily as permanently, the course of any river, stream, road, street or way, or raise or sink its level in order to carry it over or under, on the level of or by the side of any work built or to be built by the authority, and to divert or alter the position of any water-pipe, gas-pipe, sewer, drain or any telegraph, telephone or electric wire or pole;
- l) to use lands that are owned or controlled by the authority for purposes, not inconsistent with its objects, as it considers proper;
- m) to use lands owned or controlled by the authority for park or other recreational purposes, and to erect, or permit to be erected, buildings, booths and facilities for such purposes and to make charges for admission thereto and the use thereof;
- n) to collaborate and enter into agreements with ministries and agencies of government, municipal councils and local boards and other organizations and individuals;
- o) to plant and produce trees on Crown lands with the consent of the Minister, and on other lands with the consent of the owner, for any purpose;
- p) generally to do all such acts as are necessary for the due carrying out of any project or as may be desirable to further the objects of the authority.

Voting by a Member participating electronically shall be indicated verbally, unless otherwise determined by the Chair.

Electronic meetings must permit all participants to communicate adequately with each other during the meeting. For open electronic meetings, the public must be able to attend the meeting electronically and be able to observe all that Members can hear and see at the meeting.

Should a member of the public request to provide their delegation through electronic participation and the CAO believes that electronic participation by the public can be facilitated, they will be requested to provide their comments in writing to the CAO prior to the meeting and the comments will be distributed to Members.

4.11 Delegations

Any person or organization who wishes to address the Authority may make a request in writing or email to the CAO. The request should include a brief statement of the issue or matter involved and indicate the name of the proposed speaker(s). Before holding a meeting or part of a meeting that is to be closed to the public, the Members shall state by resolution during the open session of the meeting that there will be a meeting closed to the public and the general nature of the matter to be considered at the closed meeting. Once matters have been dealt with in a closed meeting, the General Membership shall reconvene in an open session.

5. Appendices to the Administrative By-law

Appendix 1 - Code of Conduct

Background

The Central Lake Ontario Conservation Authority demands a high level of integrity and ethical conduct from its General Membership. The Authority's reputation has relied upon the good judgement of individual Members. A written Code of Conduct helps to ensure that all Members share a common basis for acceptable conduct. Formalized standards help to provide a reference guide and a supplement to legislative parameters within which Members must operate. Further, they enhance public confidence that Members operate from a base of integrity, justice and courtesy.

The Code of Conduct is a general standard. It augments the laws that govern the behaviour of Members, and it is not intended to replace personal ethics.

This Code of Conduct will also assist Members in dealing with confronting situations not adequately addressed or that may be ambiguous in Authority resolutions, regulations, or policies and procedures.
