Public Meeting & Listening Session

Saturday, March 3rd, 2018

BOAA Centre

PORT DARLINGTON SHORELINE & FLOOD DAMAGE CENTRE STUDY

Mayor Adrian Foster, Municipality of Clarington

Chris Darling, CAO, Central Lake Ontario Conservation Authority

INTRODUCTORY REMARKS

Karen Wianecki, Director of Practice

Planning Solutions Inc.

MEETING PURPOSE & OBJECTIVES

Meeting Purpose & Objectives

1. To provide information about the 2018 Port Darlington Shoreline & Flood Damage Centre Study include the study purpose and proposed community engagement process.

2. To you to introduce members of the Consulting Team.

3. To identify how this study fits with other work that is underway to address shoreline flooding and erosion issues.

4. To enable participants to ask questions and obtain answers.

5. To listen to you and to allow you the opportunity to share your input – your comments, your concerns and your suggestions.

Our Hope for Today…

- Share information with you about the Shoreline Study and 'process' to update the Port Darlington Shoreline & Flood Damage Centre Study

- **3 Presentations**
  - **CLOCA (Perry Sisson & Chris Jones) – History of Flooding & Erosion**
  - **The 2018 Study – Judy Sullivan, Aqua Solutions Inc.**
  - **The Engagement Process – Karen Wianecki, Planning Solutions Inc.**

- Hear from you about…
  - Your issues
  - Your concerns
  - Your suggestions

Perry Sisson, Director, Engineering & Field Operations &

Chris Jones, Director of Planning & Regulation

Central Lake Ontario Conservation Authority (CLOCA)

THE HISTORY OF SHORELINE FLOODING & EROSION

Shoreline Flooding & Erosion

THE 2018 SHORELINE & FLOOD DAMAGE CENTRE STUDY

What is the Purpose of the Study?

Shoreline Study: An Overview

QUESTIONS, COMMENTS?

Karen Wianecki, Director of Practice, Planning Solutions Inc.

THE 'PROCESS' TO DEVELOP THE 2018 SHORELINE & FLOOD DAMAGE CENTRE STUDY
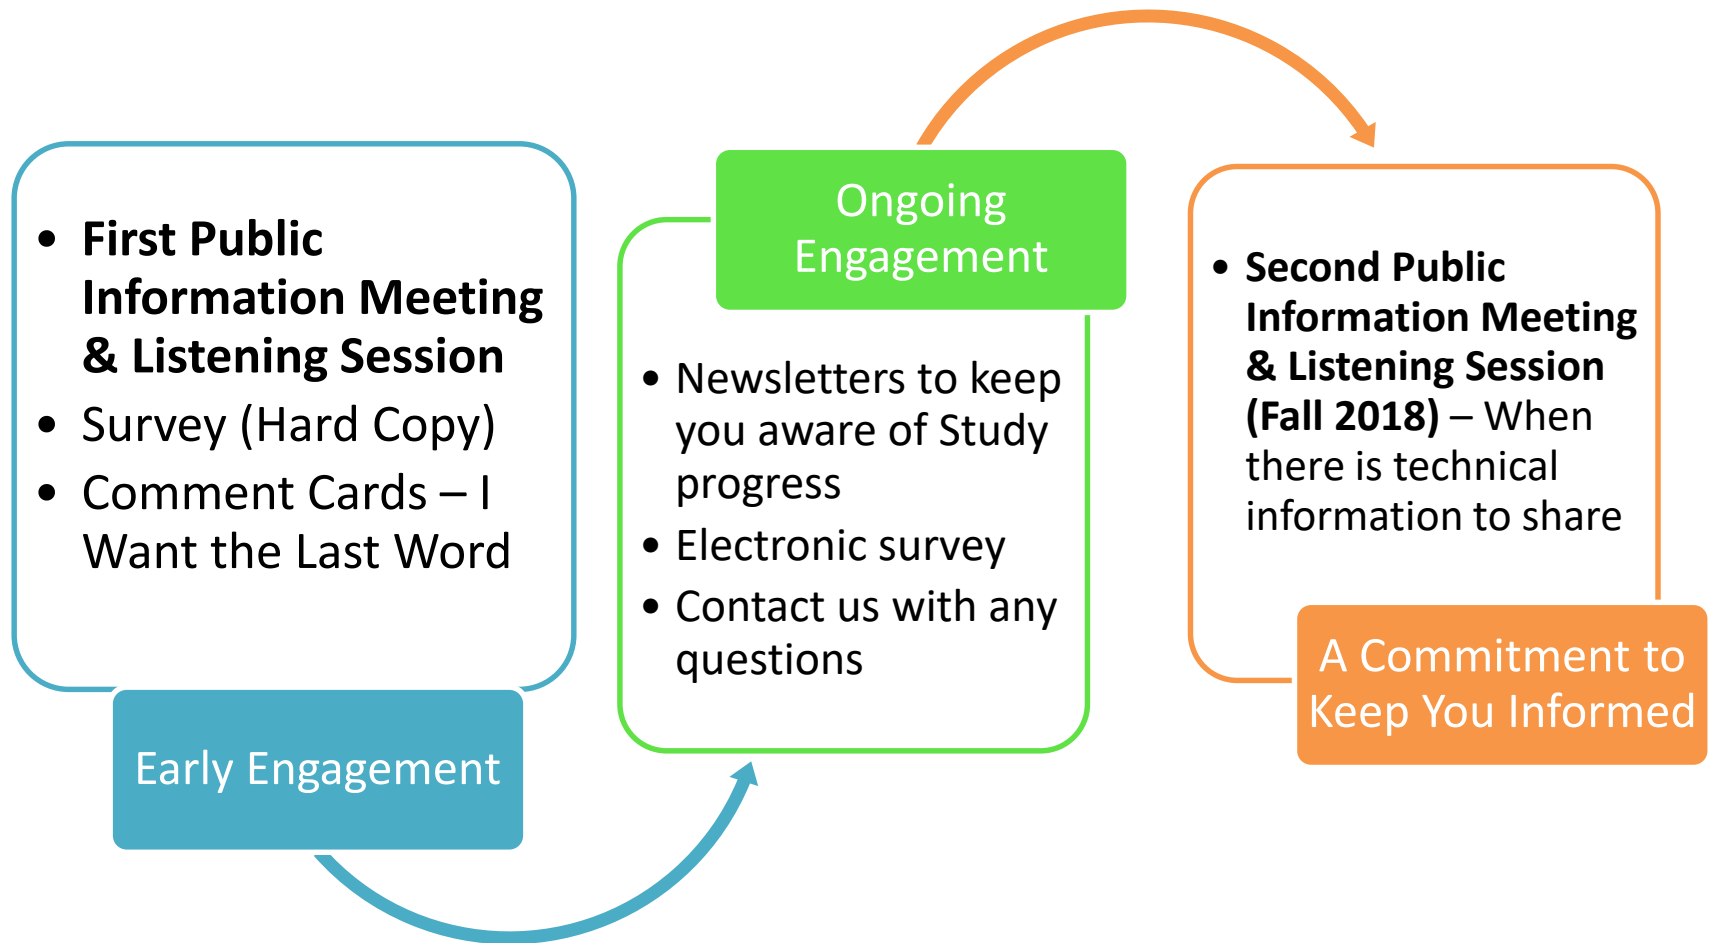

The Engagement Process

- ✓ **Process Is As Important As Product**

- ✓ None of us have all of the answers but…All of us have some of the answers

- ✓ **This is an exercise that focuses on developing a new Shoreline & Flood Damage Centre Study**

  - ✓ An engaged community

  - ✓ Collaborative planning

  - ✓ Solution-focused

The Engagement Approach – Developing the Plan

- **Logical**
- **Straightforward**
- **Evolutionary and Iterative**
- **Focused but Managed**
- **Innovative & Creative**
- **Multi-dimensional and multi-modal**

The Process As Proposed...

Early Engagement

- **First Public Information Meeting & Listening Session**
- Survey (Hard Copy)
- Comment Cards – I Want the Last Word

Ongoing Engagement

- Newsletters to keep you aware of Study progress
- Electronic survey
- Contact us with any questions

Second Public Information Meeting & Listening Session (Fall 2018) – When there is technical information to share

A Commitment to Keep You Informed

Listening To You…

- ## Reporting on What We Heard…
    - Summary of input from today
    - Newsletter to summarize the input from today
    - CLOCA & Consulting Team to monitor input from the surveys and to summarize the input received from survey and comment card responses

How Can You Stay Engaged?

- Provide CLOCA with your contact information to ensure you are on the Master Contact List
- Check the CLOCA website for regular updates
- Complete the survey if you have not done so already
- Complete a Comment Card
- Look for regular Community Newsletters that will provide you with a status update
- Attend future meetings
- Let us know how we can keep you informed and engaged
- Share your ideas with us…
